Chinese Government-led Communication Platform for International Investment

At present, around the world resides in around 1.3 billion Muslim, or nearly 1/4 of the global population and the annual trade volume of halal food has exceeded USD 150 billion, for which the development of halal industry will have a bright and promising prospect. It is opportune time for Ningxia that the regional economic and trade cooperation of China is expanding with Arab countries and other countries in the world, the transferring from the eastern region to the western region and upgrading of the domestic industrial structure. As only Hui autonomous region of China, Ningxia, halal food and Muslim supplies industry has formed a scale of industrial clusters and the effect so that create the conditions and opportunities for the exchanges and cooperation of domestic and foreign Muslim halal food and supplies. The exhibition is to further expand the opening to the outside world, exchanges and cooperation of Ningxia. We vigorously promote the implementation of investment strategies, in order to make Ningxia into the main base for production and circulation of national halal food and Muslim commodities; it's also an important step to promote the region's economic and social development. Moreover, this should be an important platform to further promote and display the Ningxia Hui ethnic, geographical and cultural characteristics as well as the great achievements Nixia Hui Autonomous Region has reached and its sound environment for investment.
